- Target Countries: All over the world. Main targets are Indonesia, Korea, Thailand, China, China (Hong Kong), Vietnam, Taiwan and Malaysia.
- Target persons: High school and university students wishing to study in Japan, college guidance counselors, international educators, etc.

5. Program

We will be launching our website made especially for the Study in Japan Virtual Fair (hereinafter referred to as event website). The detailed contents of this virtual fair are as below.

- (1) Providing information about participating institutions
Each institution's introductory video and basic information will be posted on their page on the event website. These contents will be offered in both Japanese and English.
- (2) Virtual seminars conducted by participating institutions (The dates are mentioned above in 3.)
The contents, which are designed to spark students' interest in studying in Japan, include presentations by institutions about their programs and strong points, as well as a panel discussion with senior

international students. These event will be livestreamed in both Japanese and English. Individual consultation will be conducted via live chat. After the virtual fair, all recorded seminars will be displayed on the “Study in Japan” website for approximately 1 month.

(3) Seminar

JASSO will produce videos to give an overview of Study in Japan, the Japan Examination for Japanese University Admission for International Students (EJU), and Japanese government (MEXT) scholarships. We will broadcast these videos on our event website.

6. Exhibitors
